

SAVE THE DATE

The Program for Infant Toddler Care (PITC) © is a responsive, relationship-based approach to infant/toddler care, built on developmental research, theory and practice.

These professional development workshops will provide you with the opportunity to share and discuss key elements of providing quality infant/toddler care with other early educators and staff, as well as learn more about the PITC philosophy, and continue your professional growth.

****You are strongly encouraged but not required to attend all 4 workshops within the series.***

Funded by the AB 212 Staff Retention Program
