COURSE INFORMATION

HD 426 Working with Children Who Challenge Teachers' Skills – 3 Units

This class will help teachers develop their skills, gain a better understanding of children who challenge them, and also identify those children whose behavior extends beyond their expertise and may require different or specialized help. Students will use observational and assessment strategies to develop an intervention plan for the support of an individual child. Atypical development, family instability, difference in cultural expectations, and the limitations of the student's own experiences will all be considered as possible influences on the teacher's difficulties with a particular child.

Meeting Dates

January 26-27, February 23-24, and March 30-31, 2019

HD 426 Books Required:

- ❖ Challenging Behavior in Young Children: Understanding, Preventing, and Responding Effectively. Kaiser & Rasminsky (2012 3rd Edition)
- ❖ Children with Challenging Behavior: Strategies for Reflective Thinking. Brault (2005)
- ❖ Rules for Writers. Hacker & Sommers (2012 7th Edition)

Scholarship Application Deadline: November 16th, 2018
